CLOUD RESTING UPON A SERGEANT OF THE POLICE PORCE.

He Is Accused of Having Invited a Young Yoman to Go to a Wine Room-New Police Board Meets.

The first session of the police board, consisting at present of the mayor and Commissioner M. A. Fyke, yesterday afternoon, was an interesting one, and continued for more than three hours. Eight saloon licenses were granted and two refused. Those granted included those in the West bottoms against which some of the railroad companies had made remonstrances and John Keating's place at No. 700 Washington street. Nothing was advanced by the remonstrants against the character of the resorts in question, and for that rea-son licenses were granted. The county court had also previously passed on the matter of granting licenses to the same applicants and had decided in most of the cases for the applicants. Serious charges were made in writing by Miss Laura E. White, of Eigth and Wood-land avenue, against Sergesant McVeigh, and the board decided to have a formal investigation of the charges at its meet-ing next Wednesday. Patrolman M. E. Ryan, who was charged with insubordi-nation and conduct unbecoming an offithe resorts in question, and for that rea-

ing next Weinesday. Patrolman M. E. Ryan, who was charged with insubordination and conduct unbecoming an officer, because he refused to quit smoking at the direction of Chief Speers during a meeting of the Police Relief Association, was reprimanded and reinstated. He had been suspended and off duty since January. Jailer Smail's resignation was accepted.

A lengthy communication, signed by Miss Laura E. White, of the Y. W. C. A building, referring to alleged ungentlemanly conduct on the part of Police Sergeant McVeigh, was read to the board by Secretary McGee. It was charged by Miss White that McVeigh had met her on the street and had invited her to accompany him to a wine from She stated that she had entered a drug store to telephone to a transfer company regarding the removal of her trunk from the depot, and that a police officer said he would telephone for her, This policeman, she said, called up some one by telephone and said that he was Sergeant McVeigh. After talking for a time over the telephone he turned to her and said the charge for removing the trunk would be 75 cents. Thinking this too high, Miss White left the drug store, she says, without giving an order for the removal of the trunk. She had gone about half a block when she was accosted by the policeman, who began to ask her various questions concerning herself. Among other things he asked ask her various questions concerning herself. Among other things he asked herself. Among other things he asked her if she was not a stranger in the city and whether she had any relatives living here. She answered that she was a stranger and had no relatives here, and, according to her account. McVeigh then said that he would assist her in seeing about her baggage. First, however, he wanted her to go with him and have a glass of wine. "It will do you no harm," he is reported as having said to her.

"I told him." said Miss White in her communication, "that I never drank wine and hurried away from him. When I looked about after a time he was no-What shall we do with the communi-

where to be seen."

"What shall we do with the communication?" inquired the mayor.

"We ought to do something with the officer." remarked Commissioner Fyke, "if the complaint against him is true."

The matter was laid over for investigation at next Wednesday's meeting.

The saloon licenses granted yesterday were as follows: John Keating, No. 700 Washington street; John Forsberg, No. \$15 West Twelfth street; George A. Grob, No. 2014 Wyoming street; Dennis Teehan, No. 1620 Wyoming, Pat Kennally, No. 1622 Wyoming; Mullins & Houlthan, No. 1622 Wyoming; Mullins & Houlthan, No. 1622 West Sixteenth street; Bryan Cunningham, No. 1623 Liberty street; T. E. Noonan, No. 1623 Genesce street. Licenses were refused to the following: Samuel Ruben, No. 1601 East Fifth street; Quite a fight was made before the board against the relicensing of John Ashley's saloon at No. 1305 Union avenue and several witnesses were heard for and against it. It was shown by the evidence that the saloon was really conducted by a Mrs. Ashley, who during a great part of the time acted as night bartender at the resort. Two small boys testified that they had bought drinks at the place, although under age, but Mrs. Ashley triumphantly introduced the evidence of their mother, who testified that she didn't care if the boys did get drinks at the place. Policeman Marksbury was called to the stand, and he testified that the had seen Mrs. Ashley tending bar at the resort and that he had seen the place open on Sunday but had taken no action in the matter. The board reserved a decision until its next meeting.

The Christian Scientists Do at Their Thursday Night Meetings.

The Christian Science church now is the Western Church of Christ (Scientists), whose pastor is Mrs. A. J. Baird, the Christian Scientist, whose case comes up Saturiday before Judge Jones in Judge Scarriday before Judge Jones in Judge Scarriday court, hold weekly meetings cach Thursday evening at S o'clock at their cosy little chapel on the second floor of the Bayard building, 1214 Main street.

At this meeting various persons of marked refinement and intelligence give their "experience" or testimony as to what Christian Science has done for them mentally, physically, morally and spiritually, and many of these "experiences," if heard by the world in general would prove not only interesting knowledge, but really a revelation. Many of the "experiences," seem to outromance the inde of Aladdin's Magic Lamp. It is evident, however, that the members of this sect testify from the depths of their hearts and with the power of conviction and truthfulness. Probably no meetings of any religious sect have proven to be as interesting as these, since the time of old Methodists" experience" meetings. These meetings are creating not a little interest among that portion of the public which is always searching for something new in religious thought.

His lecture, "Last Days of the Confederacy," which he will deliver to-morrow night, is said to be one of the most fascinating of war lectures, and as vivid and thrilling as the war drama Shenandoah now holding forth at the Grand operahouse, in the original study of which General Gordon was himself one of the most conspicuous actors upon the Confederatorical.
